

Info. Sheet 

Team Pictures

SportShotsLive would like the opportunity to take care of your Team sports portraits. We have been servicing school sports programs for the last few years and would like to tell you how our program works.

Any team members wishing to be photographed, will be placed online, for easy, convenient viewing and ordering, including special features such as team pictures, buddy pictures, etc.

Ordering online is a breeze. We'll provide passwords on the day photographs are taken, so the team can have access to see themselves and all of their fellow teammates' pictures, and even order each others if they wish!

You can even e-mail a link to family members across the country so they can see the proofs and order themselves! Student pictures will be mailed to each individual team member...

NO MORE FLYERS TO HAND OUT...

NO PICTURE PACKAGES TO PASS OUT...

NO MORE HASSLE!
